**TO QUOTE YOUR SYLLABUS:**

- “Bulletin Board responses... 20% of final grade”
- “Online Discussion Responses: Several times during our semester, I will assign questions on our class bulletin board. You will need to login to Angel Online Campus to access these questions. For full credit, posts must contain original thoughts and illustrate your efforts to engage with the topic at hand. While responses to the postings of your classmates will be considered in my evaluations, these must contain original thoughts. (i.e. “I agree wholeheartedly, Joshua!” is not a high quality response, contains no original thought, and will be graded accordingly.)”
