During the 2005-2006 school year, four schools participated in the first District 75 Debate Teams. This year, Debating has expanded to include 19 teams representing 13 schools city-wide. Students have researched topics such as immigration policy, gun control in NYC, student cell phone usage in schools, and the Iraq War. Working in teams, students use laptops and webcams to debate with other students via live webcast. Participating teams come together in June for a heated day of competition to determine the District 75 Debate champions. For more information on how to get involved in this exciting project please email Cara Coffina ccoffin@schools.nyc.gov.
