Persuasive writing

1. Go to this website.
2. You must choose a side and defend your case: *Are social networking sites good for our society?*
3. Today I want you to read the **Overview** and **Background** information. You should take notes in your Writer's Notebook.
4. If time permits, read the **Did Ya Know** section, too.
5. At the end of class, fill out the index card with the following:
 - Your name
 - Your position
 - 3 arguments to support your position (these must be YOUR ideas, not from ProCon.org!)
