

BUTLER JUNIOR HIGH SCHOOL

THE BAYLA GERSHOWICZ LIBRARY

Pathfinder for 8th Grade Speeches

What is a Pathfinder?

A pathfinder gives you sources of information, just like a bibliography, but it consists of sources that have been selected as being the best for your project. It also gives you guidance for going out to explore on your own.

Remember, you are not limited to the sources posted on the pathfinder.

Search terms:

These are terms you might use as you search the internet or other online computer resources. If you get too many results, you will need to think of more specific terms. (ex.) – *Civil War* – (too broad); *key battles during the Civil War* – (narrow).

Subject Headings:

When searching the card catalog for a subject, there are specific terms you must use. These are called subject headings. You will find listed those specific terms to be used when doing a subject search using the card catalog. By using these terms, your search can be very specific. (ex.) – *animal rights*, *animal rights movement*, *animal experimentation*

Call Number:

If you would like to browse the shelves to see what materials on your topic are available, you would use the call numbers you find when doing a card catalog search. Our library and most public libraries use the Dewey Decimal System. Chicago Public Library and many college libraries use the Library of Congress system of classification.

Library Catalogs:

You may use our library in order to see what is available here at Butler Junior High. The Dupage Library System catalog is also listed. You can search the system and request the materials that you need to be picked up at the library of your choice.
