

# Links for Students

## Research

### ipl2

<http://www.ipl.org>

Merges the collections of resources from the Internet Public Library (IPL) and the Librarians' Internet Index (LII) websites. Websites are selected and evaluated by librarians ensuring valid, reliable resources.

### Infoplease

<http://www.infoplease.com>

Provides authoritative answers to all kinds of factual questions with an encyclopedia, almanac, atlases, timelines, biographies, country profiles and numerous history and science links. Includes a homework section with tools and calculators.

## Pro/Con Sites

### ProCon.org

<http://www.procon.org>

Presents the pros and cons of controversial issues.

### Social Issues

<http://www.multcolib.org/homework/sohc.html>

This site was created by the Multnomah County Library for students researching social issues.

### Controversial Issues

<http://www.sac.edu/students/library/nealley/websites/controversial.htm>

This page on the Santa Ana College Library site contains links to pro and con sites on controversial issues.

## Writing a Research Paper

### A+ Research and Writing

<http://www.ipl.org/div/aplus/>

A step by step guide to researching and writing a paper.

### A Guide For Writing Research Papers

<http://webster.comnet.edu/mla/index.shtml>

### Purdue Online Writing Lab (OWL)

<http://owl.english.purdue.edu/owl/resource/679/01/>

Excellent resource for conducting research and writing research papers.

### Research Guide on Primary and Secondary Sources

<http://www.ithacalibrary.com/sp/subjects/primary>

Explanation of the difference between the types of sources.

### Primary vs. Secondary Sources

<http://lib1.bmcc.cuny.edu/help/sources.html>

Provides definitions and examples of each type of source, with links to primary source sites.

## English/Language Arts

### Project Gutenberg

<http://www.gutenberg.org/>

Project Gutenberg offers over 36,000 free ebooks to read online or download to your PC, Kindle, Android, iOS or other portable device. Search by author, title, subject or language for novels, poetry, essays and other works of nonfiction that are no longer under copyright.

## **Bartleby**

<http://www.bartleby.com>

Bartleby.com provides the best works of fiction from a wide range of classic authors, tens of thousands of poems by thousands of authors, a diverse collection of nonfiction writing, including many works of political and social history, and an expansive library of classic full-text searchable reference work.

## **Library of Congress: Read.gov**

<http://www.read.gov/teens>

Read classics online, watch author webcasts and view recommended book lists.

## **Science**

### Rocks and Weathering

[http://downloads.bbc.co.uk/schools/ks3bitesize/science/activities/activity18/activity\\_18\\_09-03-26.swf](http://downloads.bbc.co.uk/schools/ks3bitesize/science/activities/activity18/activity_18_09-03-26.swf)

A great interactive animated presentation about the different types of rocks and how they are formed.

### Khan Academy

<http://www.khanacademy.org>

A library of over 2,400 educational videos predominantly covering math and science, with an increasing number of finance and history topics. (Many of the videos are on YouTube - you may need to watch from home.)

## **History/Social Studies**

### Ben's Guide to U.S. Government

<http://bensguide.gpo.gov/9-12/index.html>

Information on all aspects of U.S. Government, including our historical documents, the branches of government, how laws are made, the election process, comparisons of national vs. state government, and links to additional government websites.

### Eyewitness to History

<http://www.eyewitnesstohistory.com/>

"Your ringside seat to history - from the Ancient World to the present. History through the eyes of those who lived it."

### FedStats

<http://www.fedstats.gov/>

Providing data and trend information on such topics as economic and population trends, crime, education, health care, aviation safety, energy use, farm production and more, FedStats is your one location for access to the full breadth of Federal statistical information.

## **Math**

<http://www.mathtv.com>

Watch a college math professor and his students complete and explain math problems in algebra, geometry, trigonometry and calculus.

### Algebra.help

<http://www.algebrahelp.com/index.jsp>

A collection of lessons, calculators, and worksheets created to assist students and teachers of algebra.

### Math is Fun

<http://www.mathisfun.com>

Provides explanations of concepts in Algebra and Geometry.

### **Math.com: the World of Math Online**

<http://www.math.com>

Free high school math site for teachers and students. Includes homework help, worksheets, quizzes, a practice section, games. Covers algebra, trig, geometry, statistics and calculus plus everyday math and pre-algebra. Includes calculators and tools.

## **Foreign Language**

### Online French Grammar

<http://about-france.com/french/french-grammar.htm>

## Test Prep

Regents Prep

<http://www.regentsprep.org>

Made on a Mac
