

Movie Segments for Warm-ups and Follow-ups

This blog contains a series of movie segments to be used to brainstorm, warm up, follow up, and activate schemata, preparing the students for the topic that will be discussed in class. Here you will find the segments, the lesson plans, and varied topics to foster conversation. You may use the activities for a full two-hour class or they can be used separately to brainstorm or wrap up the topic, focusing on conversation, vocabulary and listening comprehension.

Eurotrip: Hooligans

Social issues are often discussed in conversation classes. Hooligans are approached here in a light, fun manner. This movie is great, don't miss it.

A. Read the definition of Hooliganism:

Football hooliganism is unruly and destructive behaviour —such as brawls, vandalism and intimidation—by club fans. Fights between supporters of rival teams may take place before or after football matches at pre-arranged locations away from stadiums, in order to avoid arrests by the police, or they can erupt spontaneously at the stadium or in the surrounding streets. Football hooliganism ranges from shouts and fistfights to riots in which fans clash with bats, bottles, rocks, knives or guns. A. Discuss these questions with a partner:

1. Does your country face violence in sports?
2. In which sports can you see more violence outside the sports arenas.
3. Are football fans particularly more violent? Explain it?
