I teach an ethics class and when there is a question concerning ethical dilemmas ProCon.org comes in very handy. Helps my students understand that there are gray areas in our thinking; things are not always black and white. It is very exciting to have open dialogue with my students. I am liberal and there are very few "liberal" thinkers in the area of corrections. It is my soul purpose to teach my students to think outside the box and believe that given a chance most people can make changes that are in the well being of themselves and others.
