

Category: E-Voting

Sub-Category: Core Readings

- [The Good News \(Really\) About Voting Machines](#) Adam Cohen, The New York Times, January 10th, 2007.
- [The Democratic Party's Dangerous Experiment](#) An essay about trouble posed by digital voting. (2.02.2008)
- [NJ Election Discrepancies Worse Than Previously Thought, Contradict Sequoia's Explanation](#) Trouble with NJ e-voting machines. (4.04.2008)
- [Security Analysis of the Diebold AccuVote-TS Voting Machine](#) Ariel J. Feldman, J. Alex Halderman, and Edward W. Felten, Read executive summary and watch demonstration video.
- [LAS VEGAS SLOT MACHINES VERSUS ELECTRONIC VOTING MACHINES](#) Comparing voting machines to another heavily scrutinized mechanical device.
- [E-Voting vs. Slot Machines \[table\]](#) How many of these comparisons are oversimplified or untrue? How many are fully credible? How do these comparisons differ from those in the other voting machine/slot machine link?

Sub-Category: Supplemental, Recommended

- [CBS: Little e-voting accountability on Super Tuesday](#) A story put out just before the big 'Super Tuesday' elections. (2.02.2008)
- [NH recount: Candidate asks for transparency, Gardner asks for cash](#) Both a Republican and a Democratic candidate ask for hand recounts for the NH presidential primary.
- [Hacking Democracy: Trailer for the Movie](#) A movie about concerns with the e-voting process and how it could be used to rig elections.
- [South Carolina bans paper votes](#) It's interesting news that a state is going completely paperless (i.e. no paper trail for vote recounts). The article is short and appears to be slightly against this position. (1.26.08)
- [Statewide Databases of Registered Voters: Study Of Accuracy, Privacy, Usability, Security, and Reliability Issues \(Executive Summary\)](#) February 16, 2006. Study commissioned by the U.S. Public Policy Committee of the Association for Computing Machinery.
- [Federal Efforts to Improve Security and Reliability of Electronic Voting Systems Are Under Way, but Key Activities Need to Be Completed](#) The U.S. General Accounting Office's Report
- [Rubin's Blog](#) A blot with quite a few posted articles about e-voting. (2008)

Sub-Category: Other

- [Fraud row hangs over U.S. primaries](#) RussiaToday: Democratic Candidate Dennis Kucinich asks for hand recount in the NH Primary.
- [Fraud claims emerge in US presidential race](#) RussiaToday: A U.S. election watchdog claims to have spotted discrepancies between machine and manually counted ballots in the New Hampshire primary election. New Hampshire officials have agreed to do a manual recount.
- [YouTube video of one section of "Hacking Democracy"](#) It shows a case of using a memory card to alter

DieBold counted votes. It's inflammatory... but doesn't explain how they did it. A research group at Berkley may have more carefully recorded tests we can use.

- [Video of Princeton Study on Hacking DieBold Voting Machines](#) This video goes along with a paper written by the Princeton professors, "Security Analysis of the Diebold AccuVote-TS Voting Machine", both this video and the paper PDF can be found online, but they're no longer on the original Princeton website location. (Did something happen?)
- [Evidence of Fraud and Disenfranchisement in Ohio, 2004 : A Partial List](#) This page tries to catalog links related to vote fraud in the 2004 Presidential election, including issues with e-voting machines.
- [Diebold voting machine key copied from pic on Diebold site](#) It's not exactly a "digital" problem, but yet another concern raised about e-voting machines. (...and check out who the quote's from.) (1.25.2007)
- [Top 10 Pros and Cons on the Electronic Voting Machine Debate](#) A 5-minute overview of the major issues in this debate from a site dedicated just to this topic.
