PROGRESS

Welcome to the ECHS 10th Grade Interession Website.
Here you can find out information about the different topics in interession and pick up homework assignments and rubrics.

The 10th Grade interession centers around the question "What is progress and how is it measured?". Each of the six classes looks at this topic through a different lens and together they help to give students a fuller picture of the topic.

Links:

You can pick up the homework assignments here

[The idea of progress Article Economist.doc](#): This is a good overview article from the Economist on progress

Research Links:

[Gapminder](#) This is a great link to a ton of statistics that can help you with creating your graphs.

[Nationmaster](#) A link to statistics broken down by nation.

[ProCon.org](#) This is a website dedicated to looking at both sides of controversial issues.
