

Web Sites That May Help You Find Arguments

Balancedpolitics.org

Wikipedia

Procon.org

Religioustolerance.org

Youdebate.com

Also, you can use Google to search for your subject plus the words *pro con* or *pros cons* to find specific sites that will usually at least list the arguments or will direct you to other sites that will list and explain them in more detail.

Once you know the basic arguments, you can search for more information on each argument using Google and GALILEO.
