## What is OAIster?

02/23/09

### **OAIster is a union catalog of digital resources**

These resources, often hidden from search engine users behind web scripts, are known as the "deep web."

Digital resources can range from an old-time advertisement of electric refrigerators (from the Library of Congress American Memory project) to Harriet Beecher Stowe memoirs (from the University of Michigan Digital Library Production Service Making of America collection).

Digital resources include items such as:

- digitized (i.e., scanned) books and articles
- born-digital texts
- audio files (e.g., wav, mp3)
- images (e.g., tiff, gif)
- movies (e.g., mp4, quicktime)
- datasets (e.g., downloadable statistics files)
