Information About Voting

- You Must be a citizen of the United States for at least one month before the next election.
- You must be a resident of Pennsylvania and your election district for at least 30 days before the next election.
- You must be at least 18 years of age on the next election.

Information About Primary Elections

- The same qualifications for voting at a general election apply to voting at primary.
- You must be registered to a particular party and you can only vote in that party's primary.

In Pennsylvania Delegates to national parties are selected through primary elections. For example if three delegates are running for a party nomination, the primary election will allow voters to select the primary candidate to run for that party later in the general election.

If you are intersted in registering to vote and would rather mail in your registration you can find voter registration forms in Mr. Morgans room. Room 416
