

Pathfinder: **Medical Use of Marijuana**

[Back to Pathfinders](#) • [Search Rhodes Catalog](#) • [Rhodes Home](#)

Scope	"Medical-marijuana supporters say that any ill person who could benefit from marijuana should be able to use it. But others say that there is no evidence that marijuana is medically useful and that there are plenty of alternative therapies that patients can use to alleviate pain. Opponents claim that marijuana is an addictive substance that can cause mental problems and possibly permanent brain damage." facts.com [http://www.2facts.com/ICOF/Search/i0200090.asp]
