Gale Power Search

Discover all of the great content available at your library right here. Search for any term and find articles from thousands of magazines, journals and books or video and podcast content from numerous outfits. Customize this page to display the information important to you. Your search should always start here.

Power search multiple databases at once: Gale Virtual Reference Library, General Reference Center Gold, Opposing Viewpoints In Context, World History in Context and Student Edition.

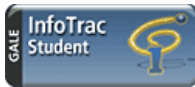

Gale Virtual Reference Library

Gale Virtual Reference Library is a database of encyclopedias and specialized reference sources for multidisciplinary research. These reference materials once were accessible only in the library, but now you can access them online from the library or remotely 24/7.

General Reference Center Gold 1980 - DEC, 2010

A general interest database that integrates a variety of sources - newspapers, reference books, magazines, and trade publications. Find articles on current events, popular culture, business and industry trends, the arts and sciences, sports, hobbies, and more.

Student Edition

Now with over 1100 titles, cross searchable with E-Books, this periodical database is designed for high-school students with access to a variety of indexed and full-text magazines, newspapers, podcasts, and reference books for information on current events, the arts, science, popular culture, health, people, government, history, sports and more.

Global Issues in Context

Global Issues in Context offers international viewpoints on a broad spectrum of global issues, topics, and current events. Featured are hundreds of continuously updated issue and country portals that bring together a variety of specially selected, highly relevant sources for analysis of social, political, military, economic, environmental, health, and cultural issues. Each of these gateway pages includes an overview, unique "perspectives" articles written by local experts, reference, periodical, primary source and statistical information. Rich multimedia - including podcasts, video, and interactive graphs - enhance each portal. Use Browse Issues and Topics, Country Finder, Basic Search or Advanced Search to explore the database.

What Do I Read Next?

What Do I Read Next? includes over 134,300 recommended titles, more than 74,500 plot summaries, and awards information from 568 awards, all to help users uncover new reading adventures, find long-remembered favorites, and discover award-winning titles. Search by genre, subject, author, title, series, and more. A monthly highlights page allows the user to see selections of award winners, upcoming titles, and titles that revolve around different subjects each month.

World History in Context

Gale World History in Context is an engaging online experience for those seeking contextual information on hundreds of the most significant people, events and topics in World History. The new solution merges Gale's authoritative reference content with full-text magazines, academic journals, news articles, primary source documents, images, videos, audio files and links to vetted websites organized into a user-friendly portal experience.
