11/23/2009 - Monday: "Medical Marijuana"...legalization...everybody's talking about it. From the Pro side, a rep. from NORML in California. On the Con side, a rep. from "Partnership for a Drug Free America." And...Kamy Akahvan, Managing Editor of ProCon.org, kind of a no position/moderator group on the issue. Should be good debate. Also...a review on "The American Music Awards"...are you kidding me...who is "Lady GaGa", more like "GagGag." The freaks come out at night!
